Developmental education courses are designed to prepare students for admission to university academic and vocational-technical education programs. Specifically, they help students to meet the demands of college-level courses and to improve their skills. There are three categories of developmental education courses: English (DEVE), math (DEVM), and study skills (DEVS).

A Developmental Math & Writing Lab is located inside the UAF Community & Technical College Learning Center in room 120, as well as on the UAF main campus in Gruening 305. The labs provide tutoring and small group instruction for students taking developmental, academic or vocational math, English or reading courses.

Stop by the CTC Learning Center to learn of the many resources available to students.
DEVELOPMENTAL EDUCATION

COURSES INCLUDE

- Developmental English
- English Skills
- Preparatory College Writing
- Prealgebra
- Elementary Algebra
- Academic Reading for College
- Skills for College & Career Success

THE LEARNING CENTER

RESOURCES FOR STUDENTS

- Quiet and group study areas
- Math, English, and study skills reference materials
- Mathematics videotape checkout
- Academic advising
- Testing resources/test Prep
- Computer support (UAOnline/Blackboard)
- AKCIS-Career Information

MATH LAB

Staffed by qualified program assistants, the Math Lab provides tutoring service for all DEVM courses and all mathematics courses offered through UAF Community & Technical College. Hours vary per semester.

ENGLISH SKILLS

Individualized instruction in written language skills. Open entry/open exit, one credit modules in spelling/vocabulary, writing and grammar usage are offered each semester.

WRITING CENTER

Faculty and program assistants provide assistance to students in all phases of the writing process, from generating a topic to editing the final draft. Hours vary per semester and include evening and weekend hours. Students may make an appointment for services, or come in on a walk-in basis. Online writing tutorials are available.

SPECIALTY WORKSHOPS

From time to time, The Learning Center will hold specialty workshops in important topics like resume and cover letter writing. Inquire if you are interested in attending a specialty workshop.

COMPUTER LAB

Computers are available and programmed with a variety of math and language software programs for courses with computer integration as well as individualized study to increase math, reading, and English placement and skills.

FACULTY OFFICE HOURS

Math and English faculty have offices adjacent to the learning center, and are available during office hours to provide assistance to students, and lead workshops for student success.
