The associate of applied science degree in apprenticeship technology is designed as a completion degree for journey workers with additional curriculum consisting of general coursework and integrating in training for career and technical occupations.

The practical integration of general course work and training for vocational-technical trades specifically reflects the commitment of the university to high-quality instruction and public service.

Through the program, journey workers can gain the skills they need to hold leadership positions within their organization by building the management and leadership skills of incumbent workers in the industry.
APPRENTICESHIP TECHNOLOGY

COURSES INCLUDE

- Introduction to Academic Writing
- Business, Grant and Report Writing
- Fundamentals of Oral Communication

Approved electives in safety, computer, business, technical, or linked to an identified education or career pathway.

For a complete list of degree information visit the UAF Catalog at http://www.uaf.edu/catalog/current/programs/apprenticeship_tech.html.

PROGRAM HIGHLIGHTS

The apprenticeship technologies program is a 60-credit AAS degree delivered collaboratively through UAA, UAF and UAS. Individuals earning this degree must complete a formal apprenticeship program and hold journey-level status in trades or occupations and a Certificate of Completion of Apprenticeship issued by the US Department of Labor.

OTHER DETAILS

Students declaring a major in apprenticeship technologies must present documentation of acceptance into an apprenticeship program approved by the U.S. Department of Labor, Bureau of Apprenticeship and Training.

Students are encouraged to begin the required courses while completing the apprenticeship program to expand the quality and breadth of the program. Graduates of this program may be eligible to enroll in the bachelor of technology (BT) degree program at UAF.

Those planning to go on to a bachelor’s degree are advised to select courses meeting remaining core requirements and courses designated within the bachelor’s degree major and minor. Students who plan to transfer to another institution to continue their studies should work closely with that institution on their degree requirements.

APPLICATION PROCESS

- Review admission requirements with an advisor by calling 907-455-2800 or email uaf-ctc@alaska.edu
- Apply for admission to UAF: www.uaf.edu/admissions/
- Apply for financial aid: www.uaf.edu/finaid/ or call 907-455-2832
- Find classes & register: www.uaf.edu/coursefinder/
- Get your books & class materials organized - UAF Bookstore: www.uaf.bookstr.com
- Start your journey at UAF CTC!
